

7 Physical Causes of Ill Health Reading

US Resident #2, Wednesday, Dec 3, 2014

7 Physical Causes

7 Physical Causes

#1: Neglect

#2: Congestion

#4: Environmental, Chemical, Food, & Metal Poisons

#5: Parasites

Additional Causes

H - Organs

I - Gastrointestinal Support

M Cell Salts

Neglect

Antioxidants

Antioxidants

Nutrients

Minerals - Inorganic - Deficiency

Essential Fatty Acids

Food

Food - Carbohydrates

Food - Diet

Food - Zone Diet

Home

Home - Environmental Controls

Other

Exercise

Congestion

Organs - Digestive

Stomach Congestion

Pancreas Congestion

Organs - Heart

Pericardium Congestion

Glands - Salivary

Parotid Duct

Glands - Hormonal

Cong - Thyroid

Other - Eyes

Eyes

System - Respiratory

Lungs (See Further)

Lungs - Left

Lungs - Right

System - Lymph - Specific Area

Lymph - Lower Body

System - Urinary-Bladder

Kidneys (See Further)

Kidney - Right

System - Reproductive - Breasts

Breasts

Breast - Right

Other - Unclassified

Bone Marrow

Environmental, Chemical, Food, & Metal Poisons

Metals - Heavy - Mercury

Mercury in kidneys 81.1 - 16 M.S.G.

Metals - Heavy - Listed

Lead

Environmental

Sulfur dioxide (SO₂)

Nitrogen oxide (NO) Smog Acid Rain

Chemical - Specific

Formaldehyde

Perchlorate - Environmental Contaminant

Radiation

Strontium 90/83-81

Parasites

Parasites - General Remedies

Parasite Formula - North American Herb & Spice

Nematodes - Roundworms

Strongyloides

Trematodes - Flukes

Lymph Flukes

Single-Celled-Parasites

Protozoa

Trichomonas

Ameba

Lymph Parasites

Organs

Pancreas

Pancreas Remedies

Gastrointestinal Support

Gastrointestinal Support Supplement

Cell-Salts

Cell-Salts - Biochemic Phosphates
